1108 Bartow Road, Apt. J114 • Lakeland, FL 33801
• 863.934.9567 • Tiffanywhitsett@usf.edu

EDUCATION

University of South Florida

Bachelor of Science in Cybersecurity

Overall GPA: 3.46

Tampa, Florida
December 2025

Polk State College

Associates of Arts

Lakeland, Florida
December 2022

UNIVERSITY AND VOLUNTEERING PROJECTS

AI Bootcamp

–Built image classifiers for satellite datasets and explored deep learning architectures like **CNNs** and **Transformers in Keras**.

–Utilized **Principal Component Analysis (PCA)** for noise filtering and **Linear Discriminant Analysis (LDA)** for dimensionality reduction to optimize efficiency.

Cys Biometrics Project

–Trained and fine-tuned **machine learning models** for biometric identification and image recognition using **Python** and **Matplotlib**, applying data preprocessing, feature extraction, and model optimization techniques.

–Developed scripts to visualize authentication error and system reliability through **Receiver Operating Characteristic (ROC)** and **Detection Error Tradeoff (DET)** curves.

–Implemented **multi-modal fusion** strategies at feature and decision levels, using majority vote to enhance recognition accuracy.

Database Programming and Administration – SQL Server

–Developed **T-SQL** scripts and stored procedures for complex data processing.

–Programmed **DML triggers**, enforcing rules and maintaining referential integrity.

–Managed security by configuring login IDs, users, and **user-defined roles**.

OPNsense Configuration Project

–Configured and deployed **OPNsense** firewall system to simulate enterprise-grade network protection protocols.

– Implemented web, FTP, telnet proxies, and traffic shaping for bandwidth monitoring.

–Completed an **OPNsense-to-SIEM** integration for centralized log collection and anomaly detection.

Tampa, Florida
August 2025

Tampa, Florida
January 2024–May 2024

Tampa, Florida
January 2025–May 2025

Tampa, Florida
January 2024–January 2025

TECHNICAL SKILLS

SIEM, SSMS, SQL, Keras, LLM, scikit-learn, TensorFlow, NumPy, Matplotlib Splunk, PowerShell, Python, C, C#, JavaScript, CSS, RUST, Applied Cryptography, HTML, Snort, OPNsense

ASSOCIATIONS, HONORS & AWARDS

–Whitehatters Club, Girls Who Code

January 2023 – Present

–STEM Professional Development and Resilience Scholarship

August 2022 – Present

WORK EXPERIENCE

Cracker Barrel Old Country Store

Server

Lakeland, Florida
September 2019 - Present

–Delivered exceptional customer service in a high-volume restaurant environment.

–Trained new staff to meet service standards and maintain operational efficiency.
